

"Look!" the owl said. "Is it time?" The animals gathered. "Yes," jolly Benny replied: "We are ready!" The owl hooted: "Remember the rule;" "Knowledge = Power." "Can you jump?" he asked. "No!" the fox answered. "Why not?" "Because it is dark;" the fox said. The owl whispered: "Be brave!" "just try it!" "Is this a joke?" Benny asked. "No," the owl said: "it is a test." "Wait!" "Look!" "See?" Everyone looked. "Amazing!" they cried. "The star = bright!" "july is here!" the owl noted. "Is it over?" "Yes;" he said: "it is done!" "Good night," the owl said. "Good night!" they all replied.

"Attention!" the teacher said. "Is it true?"
Jimmy asked. The test results are here: "100%"
for everyone! "Amazing!" The class felt joyful.
"Is 90% good?" "Yes;" she replied: "but 100%
is better!" just imagine: 50% of the class got an A.
Another 40% got a B. Only 10% needed help. "Does
100% = perfection?" Benny asked. "Maybe;" the teacher
smiled. "Look!" 99% of you passed! "Wait!" Is it
95% or 98% The math = simple. "80% effort + 20%
luck = success!" "Is this a joke?" "No!" it is 100%
real. "10% luck;" "20% skill;" "70% hard work!"
Everyone was 100% happy! "Done?" "Yes!"
