

"Look !" the owl said. "Is it time ?" The animals gathered. "Yes," jolly Benny replied: "We are ready!"

The owl hooted: "Remember the rule;" "Knowledge = Power."

"Can you jump?" he ask. "No!" the fox answered.

"Why not?" "Because it is dark;" the fox said. The owl whispered: "Be brave!" "just try it!" "Is this a joke?" Benny asked. "No," the owl said: "it is a test." "Wait!"

"Look!" "See?" Everyone looked. "Amazing!" they cried.

"The star = bright!" "july is here!" the owl noted. "Is it over?" "Yes;" he said: "it is done!" "Good night," the owl said. "Good night!" they all replied.

"Attention!" the teacher said. "Is it true?" Jimmy asked. The test results are here: "100%" for everyone!

"Amazing!" The class felt joyful. "Is 90% good?" "Yes;" she replied: "but 100% is better!" just 50% of the class got an A. Another 40% got a B. Only 10% needed help. "Does 100% = perfection?" Benny asked. "Maybe;" the teacher smiled. "Look!" 99% of you passed! "Wait!" Is it 95% or 98%? The math = simple. "80% effort + 20% luck = success!" "Is this a joke?" "No!" it is 100% real. "10% luck; 20% skill; 70% hard work!" Everyone was 100% happy! "Done?" "Yes!"
